WATERMELON SLIM & the Workers/Live at the Ground Zero Blues Club: For a guy that seemed like a joke act when he was first firing this career up, Slim has set the blues world rightfully on it's ear. Here we find him in his live element, in Clarksdale no less, giving the blues and the blues fans a run for their money. Tearing it up in that left of center way that he has made his trademark, this is the next best thing to being there and feeling the vibe in the moment. Totally good stuff throughout.
